DETAILED ACTION

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 3 to 5, 7 to 9 and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hoestetler et al in combination with Heeres et al(A), for the reasons of record. The argument raised by applicants have been considered but are not deemed persuasive. There is no evidence presented to show that there is a palatability problem with the cyclodextrin complex of Hoestetler et al. The only concern of Hoestetler et al is to increase the solubility of the active ingredient to make it more bioavailable to the body. The use of this improved form of the active ingredient used by Heeres et al(A) would be an obvious substitution absent evidence of unexpected results.

Applicants' have not shown that there where any palatability problems with the formulation of Hoestetler et al which where overcome by the instantly selected formulation especially since the instant formulation is essentially the same as that used by Heeres et al. The claims remain obvious absent evidence that the instant composition possesses unexpected properties.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James H. Reamer whose telephone number is (703) 308-4461.
